Please keep an eye out for the invitation which will follow in the mail

Join the Rahway River Watershed Association on December 6th, 2017
for a milestone event celebrating the origins of our organization!

We will be honoring **Andrew Voros** for his role in helping to form the Rahway River Association during its early years, and **Assemblyman James Kennedy**, who has been a strong advocate for the environment, both during his 20 years as Mayor of Rahway, and as Assemblyman for New Jersey's 22nd district.

The RRA was incorporated in 1992 and later changed its name to the RRWA. For 25 years we have worked tirelessly to protect the Rahway River and bring attention to the many challenges our watershed faces.
